

ABSTRACT OF THE DISCLOSURE

A microcircuit card (31) includes a microcircuit and a card body. The card body is formed of a base (10) in which is formed a cavity provided with a bottom and an internal part fixed in the cavity and to which the microcircuit is joined, the internal part and the microcircuit (12) together constituting at least a part of a second microcircuit card (11) including at least a part of the body of the second card.
